CAREER

I am a sophomore majoring in Marketing and Political Science. I am either looking forward to working in the sales/social media marketing field or going to law school to hopefully have my own practice.

TECHNICAL BACKGROUND

I would say I am quite efficient with a computer and know my way around technology. I use Microsoft Word, PowerPoint and Excel regularly for reports, data and presentations. I am also familiar with Google docs, sheets, etc. I look forward to learning more in this class and gaining new creative/ tech savvy skills.
